This Establishment, so favorably known to the public through the many highly
flattering testimonials it has obtained, comprising among other Gold and Silver
Medals,
The First Premium
AT THE AMERICAN INTERNATIONAL WORLD'S FAIR
And Exhibition of the Industry of all Nations,
Is now continued by Messrs. F. C. LIGHTE & LOUIS ERNST.
The entire manufacturing department remains, as it always has been,
under the sole and undivided management of Mr. F. C. LIGHTE, who
was the Founder, Senior Partner, and only Practical Piano-Forte Maker
of the late firm of LIGHTE & BRADBURY'S recently dissolved.
The Piano-forces—grand, square, and upright—manufactured by Messrs. "STEWAY & Sons" have established for themselves so world-wide a reputation, that it is hardly possible for us to add any thing to their just fame.

Having thoroughly tested and tried these instruments personally for years, both in public and private, it becomes our pleasant duty to express our candid opinion regarding their unquestioned superiority over any other Piano known to us.

Among the chief points of their uniform excellence are: Greatest possible depth, richness, and volume of tone, combined with a rare brilliancy, clearness, and perfect evenness throughout the entire scale, and, above all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch.

This peculiarity is found exclusively in the "STEWAY" Piano, and, together with the matchless precision, elasticity, and promptness of action, always characterizing these instruments, as well as their unequalled durability under the severest trials, is truly surprising, and claims at once the admiration of every artist. We therefore consider the "STEWAY" Pianos in all respects the best Instruments made in this country or in Europe, use them solely and exclusively ourselves in public or private, and recommend them invariably to our friends and the public.

We have at different times expressed our opinion regarding the Pianos of various makers, but freely and unhesitatingly pronounce Messrs. STEINWAY & Sons Pianos superior to them all.

The Dyeing of Silk, Woollen, and Fancy Goods, (including the re-dyeing and cleansing of Garments, such as silks, Satin, Crape, Cloth, Marinos, Velvet, and other DRESSES, SHAWL, &c., &c., &c.), has, for a long term of years, occupied the close attention of the undersigned at Staten Island. For the last two years it has been their exclusive business, for which they have built up a new establishment at Staten Island, now the most extensive for this business in the country, and, as far as known, in the world. All the improved appliances and apparatus of the art have been here brought into requisition; the most competent and expert of Foreign Dyers and Chemists have been induced to work in their Establishment, and for large fees, to impart the important modern discoveries of European Dyers. They have, also, at present, correspondence with an experienced Scientific Chemist and Dyer in Elberfeld on the Rhine (in the neighborhood of which are the most important Dyeing Establishments of Europe), who is engaged to transmit to us any new discoveries or methods which may there be brought out.

The friends and customers of the undersigned, some of whom have been such for nearly Thirty seven Years, are aware of the great improvement and steady advance which has been made and sustained, and can bear witness that in the last few years many great difficulties have been overcome, so that, in very many styles of Silk, Satin, Marinos, &c., they dye and re-finish very Nearly (in some cases quite) to resemble new goods.

Especial effort and expense has been devoted to the Dyeing and Re-finishing Satin and Taffeta Ribbons, and they are now enabled to do them in a style not seen in this country, and altogether superior.

As a natural result of these extraordinary efforts and liberal expenditure, they believe themselves to be far in advance of all their competitors, and by strict, unwearied perseverance, mean to continue so, assured that the community can readily discover merit, and will ever (as heretofore) sustain it.

LACE and MUSLIN CURTAIN, CARPETS, RUGS, TABLE COVERS, &c., CLEANED and RE-FINISHED. DAMASK and MORENS CURTAIN beautifully DYED. Also Ribbons, Trimings, GALLONS, GIMP, &c., &c.

SHAWLS dyed in the most brilliant shades of Scarlet, Crimson, &c., or the more delicate and grave colors. Broches and Crape Shawls cleaned in the best manner.

SILK DRESSES AND GARMENTS CLEANSED SUCCESSFULLY, EITHER RIPPED OR WHOLE.

Kid Gloves and Feathers Cleaned and Dyed.

Opinions of the Press on McAULIFFE'S Irish Whiskey.

GENUINE IRISH WHISKEY AT LAST.—We do not know any thing better, with which an Irish American would like to entertain his friends than a drop of the real stuff, and this our friend, John McAuliffe, has placed within the reach of his countrymen in this city.

The public of New York are indebted to John McAuliffe for supplying Irish Whiskey with the aroma and smack of the Old Sad, and his success is attributable to the pride he feels in selling it pure and unadulterated.—Irish News, Dec. 18, '57.

Not a headache in a hoghead of it.—Evening Post, Dec. 28, 1857.

The Tablet says: A word to the wise.

One tod of McAuliffe's Whiskey is worth a tun of the vile mixtures of the day.—Hoboken City Gazette, and numerous others.
